

### **TELEPHONIC INTERVIEW SUMMARY**

On April 20, 2009, Ronald Laby, Reg. No. 53,173, spoke on behalf of the undersigned with Examiner Mohamed regarding a typographic error in claim 12 introduced in the Notice of Allowance dated March 13, 2009. The Examiner's Amendment for claim 12 in the Notice of Allowance inadvertently omitted the word "not" in element (c) of the claim. The Examiner indicated that the error should be corrected through the filing of a 37 C.F.R. 1.312 Amendment. The Applicants' representative also noted that the prosecution file did not contain an acceptance of the drawings, although no outstanding objection was present. The Examiner gave verbal approval for the drawings. Applicants thank the Examiner for the time taken to discuss the case.
